

WASHINGTON STUDENT ACHIEVEMENT COUNCIL

College Bound Scholarship

Dear College Bound student and family,

I am writing to you with exciting news! You are receiving this letter because you now have a complete College Bound Scholarship application. College Bound is a state financial aid program that students apply for in middle school. You can find more information about College Bound on the back of the certificate or on our website at collegebound.wa.gov, including full requirements to receive this scholarship. Washington state is excited to support you in your college and career education after high school! There are over 60 colleges and universities and countless two-and-four-year programs where you can use the College Bound Scholarship. You will need to meet the pledge requirements found on this certificate to receive College Bound after high school.

Your application was started either because you are eligible for the free and reduced-price lunch program, or your school started an application for you. We were able to complete your application without the usual signatures required because of a recent proclamation by Governor Inslee.

In addition to the certificate in this envelope, there are a few other items for you to know.

1. College Bound Scholarship students may be eligible for support services from non-profit organizations. If you do not want your contact information shared with these non-profit organizations, please email your name and date of birth to collegebound@wsac.wa.gov and let us know.
2. If you are not interested in this scholarship program in general, and would like to be removed, please email us with your name and date of birth to collegebound@wsac.wa.gov and let us know. The College Bound program does not sell your information and will only send you college support information.

Please reach out with any questions and be sure to check out collegebound.wa.gov for more information or talk to your school counselors.

Congratulations again on being a College Bound Scholarship student. We are excited to see what your future holds!

Sincerely,

Sarah Weiss
